NOTES FROM THE NUTRITIONIST

The primary focus for Soorya is to reduce belly fat while maintaining muscle mass for cricket training. The plan is high in lean protein (chicken, fish, whey isolate) to promote satiety and support recovery. Carbohydrates are moderated and focused on high-fiber sources like dal, edamame, and low-carb wraps to manage blood sugar and insulin levels, which is crucial for fat loss and acne management. Vitamin C and Omega-3 are recommended to support skin health and reduce inflammation associated with acne. Probiotics are included to improve gut health, which often correlates with skin clarity. Given the use of coconut oil, please ensure it is used sparingly for sautéing rather than deep frying. Stay hydrated with at least 3-4 liters of water daily as per your assessment.

PLEASE NOTE

The Nutrition Program will not be extended beyond the program end date. The extension shall be considered only in case of a medical emergency.

DISCLAIMER

General Information Only: The nutrition plan provided herein has been prepared solely for the named individual based on information supplied at the time of consultation. It is intended as general dietary guidance and does not constitute medical advice, diagnosis, or treatment.

Professional Supervision: This plan should be followed under the supervision of a qualified healthcare professional. If you experience any adverse effects, discomfort, or unexpected changes in your health while following this programme, please discontinue immediately and consult your physician.

Individual Variation: Nutritional needs vary among individuals depending on age, sex, health status, activity level, medications, and other factors. The calorie and macronutrient targets provided are estimates and may need to be adjusted over time.

Allergies & Intolerances: It is the responsibility of the client to inform their nutritionist of all known food allergies, intolerances, or dietary restrictions. The practitioner accepts no liability for adverse reactions arising from undisclosed allergies or intolerances.

Not a Substitute for Medical Treatment: This nutrition plan is not a substitute for professional medical advice or treatment for any condition, disease, or disorder. Persons with existing medical conditions should seek specific medical guidance before commencing any dietary change.

Confidentiality: This document is prepared exclusively for the named client and must not be shared, reproduced, or distributed without the prior written consent of the issuing nutritionist.

Limitation of Liability: To the fullest extent permitted by applicable law, the nutritionist and associated practitioners shall not be liable for any direct, indirect, incidental, or consequential loss or damage arising from reliance on the information contained in this plan. By following this programme, the client acknowledges and accepts these terms.
